Message from the Placement Officer

SIDTM has achieved remarkable placements record since its inception i.e. 1996. Taking the legacy forward, this year too, SIDTM witnessed an exceptional placements season as an outcome of close Academia – Industry Interaction. With continuous innovation in our academic curricula, the final and summer placements was a great success.

Apart from spectacular placements, we have other distinguishing factors like International Placements, in countries like Malaysia, UAE etc which offer great exposure to students. The placement for lateral and freshers has broken the previous record yet again in terms of highest domestic package, where we could add more companies and profiles as compared to previous years. The advantage that SIDTM has is digital technology leadership, which has helped us immensely in attracting various industries including BFSI. We have placed 100% of the eligible students.
