Pre-Placement Module 1 (Batch 2019 -21)

Pre-Placement Module (PPM) is conducted with the intention to prepare the students to face the interviews during their final recruitment. We invite alumni from various domains and they conduct GD PI process. The pre-placement module consists of career counseling and feedback which is given to each student by the industry expert. This helps students to understand the career path for the purpose of placements as well as after they are placed in the company. Thus, these sessions serve long term benefit to the students for their career.

This process helps the students to prepare themselves for the further placement process

PPM-1 was a successful event with respect to the corporate insights provided to the candidates during their interviews. Valuable feedback was shared with faculty and the students on the ideal course of action towards the preparation for the finals.

In a brief nutshell, output of PPM-1 enhanced the academia-industry knowledge bridge and helped students understand industry expectations once they join their respective organizations post their MBA from SIDTM.
