SYMBIOSIS INSTITUTE OF DIGITAL AND TELECOM MANAGEMENT

ENTREPRENURSHIP

Webinar Lecture: 19th September 2020

Time and Day: 11:00 AM, Saturday

UNPLUGGED

- **Name:** Mr. Kiran Lakkapragada
- **Organization:** Kiksar
- **Conducted By:** Alumni Relations Team
- **Purpose of GL :** Knowledge sharing session
- **Webinar for:** Batch 2020-22

The Alumni Relations Committee of Symbiosis Institute of Digital and Telecom Management held an interactive session with one of our star alumni, Mr. Kiran Lakkapragada, Co-Founder and CCO at Kiksar and a very proud alumnus of the batch (1996-98) in its 'Entrepreneurship Unplugged' series. He took the audience on an inspirational journey by reflecting upon critical moments in his life helping the students understand the importance of staying focused towards our goal even if it takes a bit longer for us to achieve stability in life.

After this, he showed demos of several virtual tutorials available online which were developed by his organization and based on the concept of AI, parametric modelling and 3D technology. This unique exposure of seeing the tools in action left the students spellbound and made the session quite intriguing. It also helped them to explore the end-to-end process of delivering a customized solution based on client needs by analyzing a real business case. The session really helped the students evaluate the business opportunities and various parameters in technology platform.
