During GL

- **Notes/Summary of Guest Lecture by:**
Name of Guest: Mr. Ashutosh Mutsaddi
Designation: Senior Director SAP Solutions
Date: 27th June 2020

During the session, students learned about the impact of digital transformation on automation, innovations, greater shift to new strategies, and human interactions. An analysis was provided to have a brief idea about the operational tasks and innovation strategies implemented by manager in his daily routine.

Various technological trends with respect to the pandemic were discussed including intelligent Automation – IoT, Big data, and Blockchain. Examples of automation were discussed in operations management, marketing, and financials.

Other topics which were discussed are:

Machine Learning

- IoT
- Big data

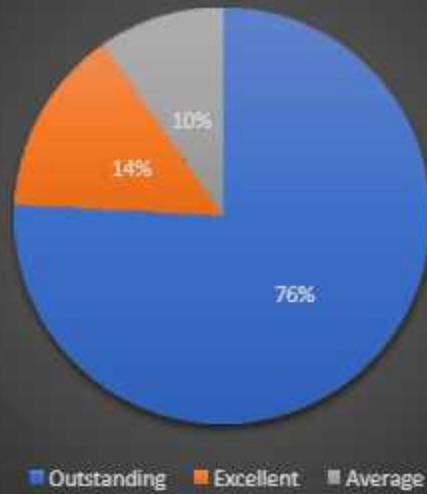

- Impact on jobs of tomorrow
- Focus on human interaction

Doubt clearing session was conducted in the end to understand students' perspectives and address the doubts from students of all streams.

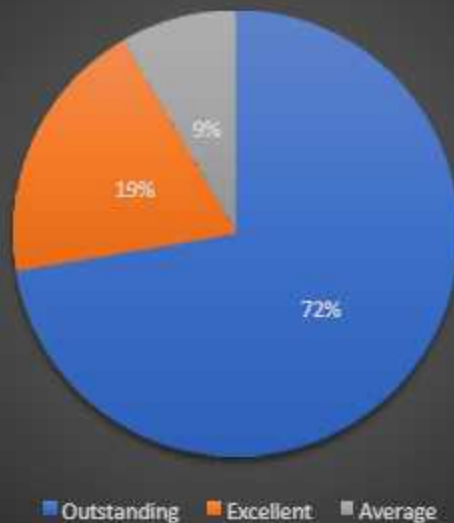

Feedback from Students:

Speed of Delivery of GL

Quality of Guest Lecture

Feedback from some Students:

Being a student of SIDTM, I got to experience a lot of technological trends with the help of the session and was also able to clarify my doubts regarding digital business ecosystem.

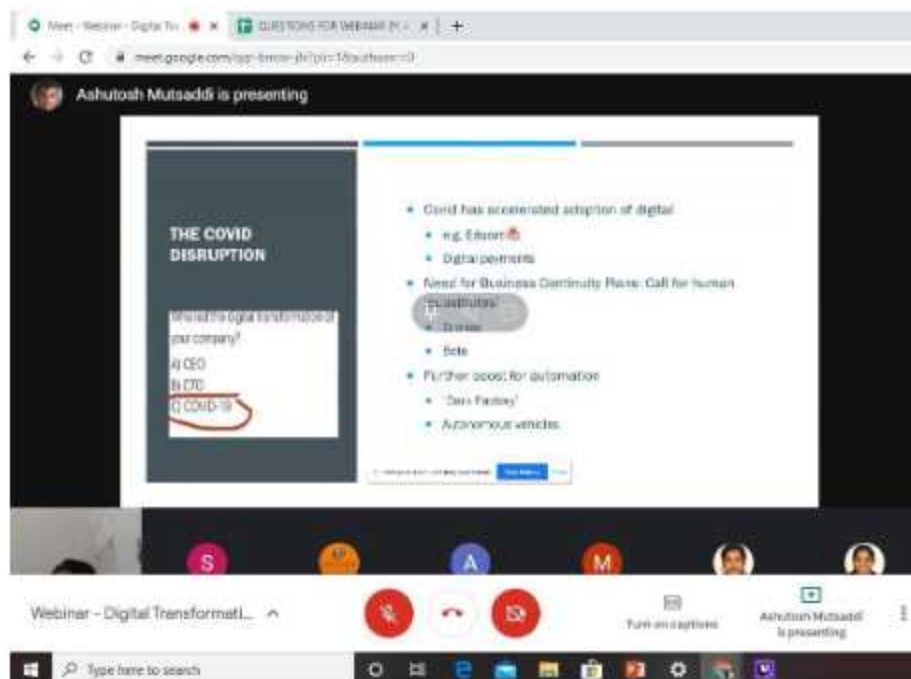

Aarush Kapila
(Batch 2019-2021)

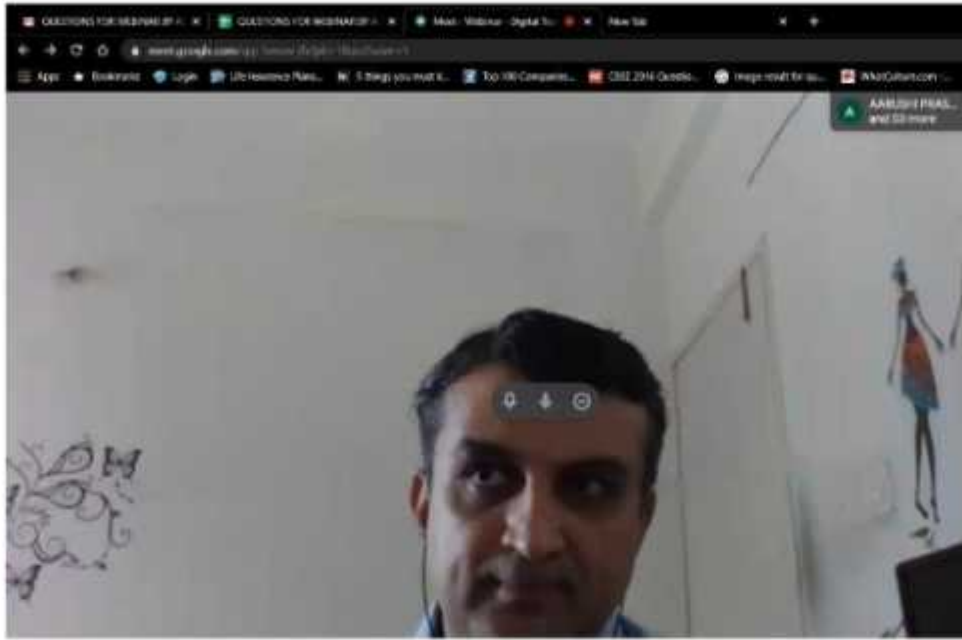

The session was very engaging, getting to know about the current aspects and post COVID impacts on various technologies especially machine learning
